Plus, all care plans include 20% off all other procedures!

For a long time you thought good dental coverage was too costly. You also thought the only alternative to paying out of pocket for dental care was insurance or discount dental plans.

Not anymore! Smiley Dental is pleased to announce we are now offering our own membership plan specifically for our uninsured patients. These plans are great if you self-fund your dental care, don't get dental benefits from work, are retired or close to retiring or have not visited the dentist in a while. Our plan covers preventative care (cleanings, exams, x-rays) and gives you discounts on other restorative procedures like fillings, crowns, and root canals.

So, stop paying out of pocket and get the smile you want with the affordable and comprehensive coverage you need! Call us at 833.793.7773 to find out more, or visit our website at <http://smileydentalmaricopa.com>.
